

SHREYASH DANDEKAR

Python Backend Developer

7498539668 | shreyashd429@gmail.com | LinkedIn: linkedin.com/in/shreyash-dandekar-19387a321 | GitHub: github.com/Shreyash1106

PROFESSIONAL SUMMARY

Backend Developer with hands-on experience in Python, FastAPI, Flask, Node.js, PostgreSQL, and MySQL. Experienced in developing REST APIs, authentication systems, database-driven applications, and backend business logic for real-world client projects. Focused on building secure, scalable, and maintainable software solutions.

TECHNICAL SKILLS

Programming: Python, JavaScript, SQL | Backend: FastAPI, Flask, Node.js, Fastify, REST APIs | Databases: PostgreSQL, MySQL | Authentication: JWT, RBAC | Tools: Git, GitHub, Docker, Postman, VS Code | Data Libraries: Pandas, NumPy, Matplotlib, Seaborn

PROFESSIONAL EXPERIENCE

Backend Development Intern | The Baap Company | Aug 2024 – Present

- Contributed to backend development for AI and healthcare client applications.
- Developed REST APIs and backend business logic using Python-based frameworks.
- Implemented authentication and authorization workflows.
- Worked with PostgreSQL and MySQL databases.
- Collaborated with cross-functional teams.

CLIENT PROJECTS

Sangamner AI: Developed backend APIs, authentication, authorization, and PostgreSQL workflows.

SJS Hospital: Built backend modules, API integrations, secure authentication workflows, and MySQL application logic.

PROJECTS

Leave Management System: Role-based leave management application with login, registration, CRUD operations, and access control.

Interview Bot: Backend-driven interview system with question management, answer storage, and authentication.

EDUCATION

Bachelor of Computer Applications (BCA) | University of Mysore | Aug 2024 – Present

CERTIFICATIONS

SQL and Relational Databases – IBM | Python (Basic) – HackerRank | Node.js (Intermediate) – HackerRank | Basic SQL – HackerRank | Python Basics – Udemy
